

On the STREETS

with Ralph Allison

Three attackers surround Mr Allison; the 2 standing side-by-side suddenly grab Mr. A's wrists. First attacker raises his weapon and is met by Choi Kwang-Do (CKD) heel-kick.

One of the attackers holding wrist receives a CKD side-kick.

Next attacker punches which is deflected with CKD outward-block followed by CKD reverse-knife-hand technique. Job done!

This is the fun-bit .. A smiling Mr. A. is reading the "script" whilst his friend is eager to start with photo-shoot (raising weapon). Just to prove Martial Arts doesn't have to be all "grim-faced"
